

Trailblazers Academy is Stamford's first charter school, a public school of choice. Established in 1999, we serve students in grades 6, 7, and 8 who have not previously been successful in school and need a smaller, more personal learning environment to reach their full potential.

Our mission is to create a safe, supportive, and structured school community. Together, we enable students to identify and develop their abilities and interests as they meet high academic standards.

Trailblazers Academy Offers:

- **Reduced class sizes:** 15 students in each classroom with one certified teacher
- **Intensive academics:** Based on state and local frameworks as well as innovative curricula from successful schools across the nation
- **After-school activities:** Free homework help, peer counseling, recreation, and other activities that last until 6pm
- **Personalized care:** Our staff, including specialists, work one-on-one with each family to ensure the unique needs of each child are met. We help remove non-academic barriers to learning to ensure each student attends regularly and arrives at school ready to learn.

It's open enrollment for fall 2014 classes—call or email to take a tour and meet with staff to see if Trailblazers Academy is a good fit for you and your child.
